

ANTALYA

Specification Guide

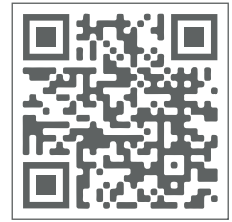

The Antalya seating collection is designed to showcase a minimalist steel frame and gently curving contours to create a distinctive industrial aesthetic. The range provides a variety of dining and lounge options and includes a complementing Barstool. Antalya comes as standard with a black steel frame or, to add a contemporary twist, it can be finished in a variety of colours. With show wood and upholstery options, the seat and back forms offer further diverse looks and textures, suitable for any interior palette.

Antalya is part of our buy-back scheme

Antalya is designed and sourced in the UK

Design

ØRN

Our Design Team approach each project with creativity and functionality at the heart of the brief. The team represent the companies' ambition to create and bring to market products of the highest quality, whilst paying close attention to the small details that make a product both memorable and distinguishable.

Based in our Banbury office, the team work with all departments within the business and our manufacturing partners to consistently deliver every piece with the original vision and direction imagined during the product's inception.
