

TWYST

Twyst is a collection of design-led tables that have been expertly crafted to bring sophistication and elegance to any workspace. The unique twisted steel frame design gives the collection a distinctive aesthetic that is sure to make a statement in any environment.

Available in Side, Coffee and Bistro heights, the Twyst range offers a variety of sizes to suit any workspace requirements. The range comes in a selection of coloured frames, giving you the freedom to select a product that fits perfectly with your workspace design scheme.

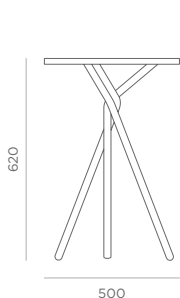

The Twyst range features our standard table top finish options, with a choice between square or chamfered edge detailing. This level of customization allows you to tailor the product to your exact requirements, creating a truly unique and personalized workspace.
