

TOWER

Modular System

Tower offers versatility and functionality for the modern workplace. Designed to meet the needs of the ever-evolving workplace, it is the perfect solution for creating flexible and dynamic environments.

Ideal for break rooms, lounge areas, meeting rooms, and more, Tower is a modular system consisting of multiple boxes that can be easily arranged and reconfigured to meet the specific needs of your space. With tiered seating, individual seats, or storage units, Tower can be customized to meet your requirements.

The boxes are available in a variety of colors and finishes, allowing you to choose the look that best fits your decor. And with its durable construction, Tower is built to last, providing a comfortable and functional seating solution for years to come.
